CAPABILITIES STATEMENT

We provide civil, structural, marine and blast mitigation design services for Military and Government Agencies for various types of projects and facilities.

NAICS# 541330

Small Business

DUNS# 06-267-8677

CAGE# OLGJ2

Services

- Preliminary Building/Site Investigation
- Design Phase Services
- Permitting
- Bid Phase Services
- Construction Phase Services
- Load Studies
- Annexation Studies
- Structural Rehabilitation/Reinforcement

Representative Project Types

- Training Facilities
- Courthouses
- Jail/Detention Facilities
- Mechanical Buildings
- Operations Facilities
- Dormitories / Barracks
- Building Renovations
- Shopping Centers
- Administrative Headquarters
- Warehouses
- Fire Stations
- Hospitals & Medical Buildings
- Potable Water Distribution Systems
- Sanitary Sewer Collection Systems

States Licensed

- NC, SC, VA, GA, FL, NJ, MN, TX, MI, MD, WV, OH, NE, DE, AZ, KY, TN, PA
- Washington, DC

PAST PERFORMANCE

MACDILL AIR FORCE BASE
OUTDOOR RECREATION CENTER

- ◆ New 5,000 SF outdoor recreation retail facility
- ◆ New 2,400 sf equipment storage
- ◆ LEED Silver
- ◆ Anti-Terrorism & Force Protection (ATFP)

US ARMY SPECIAL OPERATIONS COMMAND
VOLCKMANN TRAINING CENTER - Phases I, II & III

- ◆ Design-Build
- ◆ Structural renovations, repair and improvement to convert a manufacturing industrial building into a training facility
- ◆ 103,000 SF of dedicated classified continuous training facility within existing 358,611 building.

US DEPT. OF STATE; BUREAU OF OVERSEAS BUILDING
OPERATIONS - MARINE SECURITY GUARD QUARTERS
& EMBASSY RENOVATIONS
Marine Security Guard Quarters & Embassy Renov.

- ◆ Design-Build (Burkina Faso)
- ◆ 8,287 SF 2-story reinforced concrete building.
- ◆ Anti-Terrorism & Force Protection (ATFP)

US DEPARTMENT OF THE NAVY - KINGS BAY NAVAL
SUBBASE - TURBO SCOUR JET INSTALLATION

- ◆ Turbo scour jet system installed to eliminate traditional dredging requirements
- ◆ Pre-stressed concrete piles with stainless steel tendons installed with standard stainless steel tee providing track for turbo scour units

US ARMY - FORT BENNING BLDG 130

- ◆ ATFP - Blast Mitigation for retrofit into training facility
- ◆ Non-invasive due to historic nature of the building
- ◆ Conventional construction standoff distances could not be met. Used creative solutions to minimize cost
